What is Sector Management?

Mark Grant, Sustainable Fisheries Division

- **Exactly what is a sector?**
- **What does this have to do with my business as a dealer?**
- **How will I know sector boats and common pool boats?**
- **Who is in a sector?**
- **Where will the sectors be operating?**

Dealer Reporting Requirements

David Ulmer, Fisheries Statistics Office

Basic Reporting Requirements Remain the Same

Importance of Accurate and Timely Reporting

- VTR serial #; vessel id; species id; poundage
- More complete and timely data auditing

Dealer Submission Monitoring

- Bi-weekly reviews
- Dealer electronic data submissions report
- Dealer feedback through increased field staff interaction

Dockside Monitoring

Greg Power, Fisheries Statistics Office

Dockside Monitors

- Observe offload & weigh-out
- 50% coverage of sector trips in 2010
- Hired by sectors

Dealers provide

- Safe access for monitors to observe offloading
- Weighout slip/tally sheet signature

For remote offloads all totes must be tagged with trip information
