Gulf of Maine Cod Trip Limit Exemption

This 'form' will consist of the following verbiage:

"Submit this form, prior to leaving port, if you intend to fish south of the Gulf of Maine - Regulated Mesh Area (GOM RMA) and would like to be exempt from the GOM cod trip limit and subject to the Georges Bank (GB) trip limit instead. If you submit this form you will be subject to the GB cod trip and can't fish in the GOM RMA for the duration of your trip. Transiting is allowed provided all gear is properly stowed while within the GOM RMA. Vessels declaring into the US/Canada Management Area **exclusively** are not required to submit this form."
