¹Day gillnet vessels are charged based on the 3-7.5 rule or the 3-15 rule. Under these rules, any trip less than 3 hours, or greater than 7.5 or 15 hours will be charged at 2:1 or 1:1, respectively. Under both rules, any trip between 3-7.5 or 3-15 hours will be charged 15 hours. For Day gillnet trips into the SNE Differential DAS Area, see Note 3.

²Monkfish DAS are always charged dock-to-dock.

³Day gillnet vessels fishing in the SNE Differential DAS Area are charged DAS at 1:1 for time outside of the area, plus 2:1 for time inside the area. Any time in the area less than 3 hours, or greater than 7.5 hours will be charged at 2:1. Any time in the area between 3-7.5 hours will be charged for 15 hours. The overall DAS charge will be most restrictive between the 3-7.5 and 3-15 rules based on the time spent in the SNE Differential DAS Area and time spent outside of the SNE Differential DAS Area.

⁴One trip is charged for each trip declared and initiated into an access area.

⁵Any trip gillnet or non-gillnet vessel operating in the SNE Differential Area will be charged DAS at 2:1 for the time inside the area, plus 1:1 for time outside of the area. Day gillnet vessels operating in the SNE DA will be charged DAS according to Note 3.

⁶As of May 1, 2008, monkfish gillnet vessels will be charged 15 hours for every trip less than or equal to 15 hours in duration. Monkfish DAS are charged at the 1:1 rate regardless of whether or not they are fishing in a differential area.
